# MAP
MANAGED ACTIVATION PLATFORM

THE EASIEST WAY TO ACTIVATE INTEL VPRO

We make the process of activating Intel vPro easy, fast and secure. Typically, it can take a large organization 6 to 9 months to activate vPro, now with Manage Activation Platform it can literally be done in a matter of days!

MAP is your all-in-one solution, brand new SaaS cloud-based activation and remote management platform for Intel vPro® PCs. It's revolutionizing the way you activate vPro technology and harness its full potential for remote management.

WHY CHOOSE MAP?

Effortless vPro Activation:
Start reaping the benefits of vPro within minutes. MAP streamlines the activation process, making it easier than ever.

Cost Savings:
With vPro and MAP, enjoy the potential for zero total cost of ownership. Start saving now with efficient remote management solutions.

Secure:
Hosted in Azure cloud and now with optional two factor authentication MAP has robust security.

No Special Skills Required:
Say goodbye to complex setups and maintenance tasks. MAP handles: servers, databases, maintenance, etc., so you can focus on what matters most.

Unbeatable Value:
Experience the best value vPro activation for less than €1 per week per PC. Get unparalleled efficiency without breaking the bank.

Curious about the power of MAP?
Don't miss this opportunity to experience the future of vPro activation firsthand.
